

# BLM Lightning Prototype Application

## Disclaimer Statement

This website has been designed specifically for use by the Bureau of Land Management (BLM) fire community, as well as other federal agencies. Therefore, use by the public is restricted.

The weather data posted on this website is available to the public from the Western Regional Climate Center.

Some of the documents on this server may contain live references (or pointers) to information created and maintained by other organizations. Please note that the U. S. Department of the Interior (USDOI) and the BLM do not control and cannot guarantee the relevance, timeliness, or accuracy of these outside materials.

The use of trade, firm, or corporation names on this website is for the information and convenience of the user. Such use does not constitute any endorsement by the USDOI or by the BLM.

Every effort is made to provide accurate and useful information. However, the U. S. Government, the USDOI, the BLM, and their employees and contractors assume no legal liability for the accuracy or completeness of any information, product, or process noted on this website.

For site security purposes and to ensure that this service remains available to all users, this Government computer system employs software programs to monitor network traffic to identify unauthorized attempts to upload or change information or otherwise cause damage. Unauthorized attempts to upload information or change information on this website are strictly prohibited and may be punishable under the Computer Fraud and Abuse Act of 1986 and the National Information Infrastructure Protection Act. Information may also be used for authorized law enforcement investigations.
